WESTPORT TO NEWPORT SECTION

Great Western Greenway

12 km - moderate

The 12km Westport to Newport section forms part of the World Class Great Western Greenway (Westport – Achill), a 44 km traffic free cycling and walking facility which primarily follows the line of the famous Westport / Achill Railway, which closed in 1937. Its development has been made possible by agreement of local landowners who have allowed permissive access to users to pass through their lands.

This route offers gentle gradients and some of the most idyllic scenery in the west of Ireland. The route forms part of the National Cycle Network and it is the longest off road cycling experience in the Country.
